ORGANIZING FOR ROLL CALL WEEK

Red Cross Workers of Jackson, Center and Ripley Townships Called to Meet Sunday.

SUPPLIES ARE COMING IN

Census of County may be Taken in Canvass to Determine Actual Percent Enrolled.

The organization of the township workers into aggressive bodies to conduct the Red Cross Roll Call membership campaign will begin tomorrow when meetings will be held in Jackson, Ripley and Center townships, and all of next week will be devoted to forming a compact organization in every township so that the canvass may be made with the greatest possible dispatch and be completed, if possible, the first day of the campaign—a week from today.

The Red Cross organization is the best war organization in the county and has obtained better results than any other. For this reason A. L. Gary, county Roll Call campaign manager, is anxious that the society live up to its reputation.

The aim is one hundred percent membership in the American Red Cross and the minimum is sixty percent of the population. The membership now is about fifty percent, and with the impetus of the war gone and a lack of understanding of the reason for the continuance of Red Cross work, it will be readily seen that a great task confronts the local organization.

The actual canvass can not be started until the membership cards are printed, which work can not be started until the plate arrives. It was expected today.

Most of the other supplies have arrived, however, in preparation for the campaign. The buttons which will be given with each membership this year are a Red Cross on a white background, with a blue ring around the edge and 1918 under the Cross. A supply of buttons has not reached here yet, only a sample having been received.

There is a mass of posters and other material at the campaign headquarters in the recorder's office.

SUSPECT IN ROBBERY ESCAPES FRIDAY NIGHT

Young Man Who Has Served Term in Reformatory Eludes Police, Carrying Suit Case

PROBABLY LEFT ON I. & C. CAR

A young man who was suspected of being implicated in the robbery of E. E. Polk's hardware store, 127 North Main street, Thursday night, escaped from the police last night and an effort was being made to locate him in the places which he is known to frequent. He was once seen with a suit case, in which, it is believed, he was carrying some of the loot the three robbers carried away from the Polk's store.

The fellow probably got away on an I. & C. car and left it at a stop in the county west of here, according to the police, who followed his trail as far as Arlington without finding any trace of him. The young man suspected has served a term in the reformatory and was on parole until recently when he was set free.

Delbert Newman, who was arrested yesterday on suspicion of having had a part in the robbery, was still in jail today and had not been arraigned. He also recently finished serving a sentence, having been sent to the state penal farm for six months and fined \$500 and costs for encouraging delinquency.

FUND PASSES \$25,000 MARK

Washington Township \$856 For United War Work Campaign

The total in the United War Work campaign was increased to \$25,831.50 today when Washington township reported subscriptions amounting to \$856. This is the first report to come from Washington township and it is expected that further pledges will be forthcoming in a few days. Noble and Jackson township have never reported anything to the county chairman, although it is known that some subscriptions have been made in these two townships. With additional pledges expected from townships already reporting, it is hoped to boost the county fund to \$30,000 at least, which is \$10,000 under the quota.

NAMES DIVISIONS IN ARMY OF OCCUPATION

General March Announces Five Are Held as Reinforcements—Embarkation to Date 19,350

207,000 DISCHARGED IN U. S.

(By United Press.)

Washington, Dec. 7.—The army of occupation now consists of the 1st, 2nd, 3rd, 4th, 5th, 7th, 28th, 32nd, 33rd, 42nd, 79th, 98th, and 90th divisions, Gen. March announced today. The new divisions of this army are the 2nd, 7th, 28th, 33rd and 79th.

They are serving as reserve organizations occupying Luxembourg, Mont Medy, Longuyon and St. Mihiel and will be held as reinforcement divisions if such action should be necessary.

General March revealed that a quota of 5,300 officers and 135,000 men have been assigned for early convoy home, while the grand total of embarkation to date is 530 officers, 17,300 men and 530 navy enlisted men.

In this country discharges of soldier is speeding up. Two hundred thousand men and 7,000 officers have been dismissed.

General March said that it may be necessary to modify the existing law, whereby the enlistment expires four months after the peace is signed. Congress will be asked to provide that such men as are needed abroad shall remain in the army.

TO CANCEL MOTOR ORDERS

War Department Stops Building of 50,000 Airplane Engines

(By United Press.)

Washington, Dec. 7.—The war department plans to cancel the contract for 50,000 airplane motors, members of the senate military affairs committee said today. According to members, the contract was let for 91,000 motors, of which 31,000 have been developed. Of these 15,000 are liberty motors. Ten thousand more motors now being built will be stored for future need.

TO INVESTIGATE LEAGUE

Washington, Dec. 7.—The house committee today announced a vote in favor of the Frear resolution for an investigation of the National Security League and the campaign to defeat members of congress. The committee also decided to bring the resolution up next week in order to rush it through as quickly as possible.

WAR MEMORIAL NEW PROBLEM

How to Commemorate Lives of Rush County Boys Who Made Supreme Sacrifice Must be Solved

MANY SUGGESTIONS MADE

Cities and Counties And This Part of Indiana Already Planning For Suitable Memorial

Sooner or later the people of Rush county will face the problem of erecting a suitable memorial to the local soldiers, who gave their lives in the world war. Various suggestions have been made regarding the kind of memorial to be built. Other cities and counties, many of them in Indiana, have already decided on a method to commemorate the lives of the men of their community who made the supreme sacrifice.

A lot valued at \$5,000 has been donated by the Greenfield Banking company to be used as a site for a memorial building of some character in honor of the boys from Hancock county who served during the war. Plans are being made to raise \$50,000 for the purpose of erecting a building after the plan of a Y. M. C. A.

Culver military academy has announced that a memorial building will be built to the memory of the Culver boys who went to the defense of their country in the war with Germany.

Shelby and Henry counties are other communities in this part of this state which are giving consideration to a suitable memorial of this kind. Suggestions are being received by the Newcastle Courier from the residents of Henry county. The first person to write, recommended a Y. M. C. A. building. Another believed that a home for the aged and infirm people would be a suitable memorial.

Liberty Buildings devoted to some humanitarian cause apparently are looked on with more favor for soldier memorials. The American City magazine launched a campaign for liberty buildings some time ago and the movement is spreading to all parts of the United States. It suggests that since the war has speeded human progress in many ways, we should establish another precedent and let our memorials of this conflict be structures which shall help the living while commemorating the dead. The American City believes that every community should prepare at once to honor its soldiers by securing an option on a site if one has not already been donated by some person, and that an organization should be formed to administer the new community home when built. The American City believes that there are enough surplus Liberty bonds in every community which could be donated to erect a liberty building.

"Let us plan our Liberty Buildings on no biggish scale," says the American City. "The war has shown that the American people will give lavishly for a great cause. Let us determine the needs of our own community and plan accordingly, including such facilities for recreation, culture, fellowship and public service as a practical idealism may suggest. If we live in a large city, several such buildings may be needed; if in a village, one will suffice."

"Let the erection of these Liberty Buildings be begun at such time as may best help to tide over, in some measure, the period of re-adjustment when our returning soldiers or our industrial workers shall be in need of employment. And finally, in planning, financing and administration, let us make every possible use of existing commercial and civic bodies, and of the many war service organizations which have been the medium of patriotic effort in these days of strife."

INVITED TO MEET HUN DELEGATIONS

President Urged to See Germans to Bring About Understanding Regarding German Conditions

HUNS WANT COMBINED ARMY

Wilson May Stop Over at the Azores So as Not to Reach Paris Before December 13

Berne, Dec. 7.—President Wilson was invited by Cologne to meet delegations from Berlin and other German cities for the purpose of bringing about an understanding regarding the conditions in Germany.

Berlin, according to dispatches received here today, wants to form a combined allied and German army to march against the Bolshevik movement in Russia.

Aboard the United States Steamship, George Washington (By Wire- less to the United Press), Dec. 7.—While there is no official comment on Winston Churchill's speech in which he declared the British navy could not be reduced in size, it is believed that the president holds that all the powers must make a sacrifice if they sincerely desire a just peace.

Should the present world policy of competitive armament be continued, the United States could do more than hold its own with the new shipyards, trained ship builders and its great quantity of raw material, according to an unofficial announcement.

At the time of filing this message the George Washington was 750 miles due east of New York. As the president does not want to arrive in Paris before December 14, he may stop over a day at the Azores, but this has not yet been definitely decided.

The United States, it is understood, wants a definite law formulated on the peace conference, establishing the sea as a highway, governed by the law of all nations combined—not by the law of individual nations.

President Wilson, it is the belief on board, will make at least one public address in England. It is understood he will be given an honorary degree in Oxford university and it is regarded as probably he will make this the occasion for his speech.

LOCAL BOARD TO HELP SOLDIERS FIND JOBS

Instructions to Mail Questionnaires to Last Employer of Each Selective in Service

WILL REPORT TWICE A WEEK

Just when the county army selection board had visions of closing its work next Tuesday when the selective draft records will be sealed, instructions came today for the board to assist in the return of demobilized soldiers to the positions they held before entering the service.

Two forms of questionnaires were forwarded with a request to send copies of one form to the nearest relative of each drafted man in the service, as shown in his questionnaire, and copies of the other form to last employer of each soldier sent to the army by the board. Both the nearest relative and the last employer are expected to answer the questions and return them to the local board. By following these instructions the local board will be able to report each Monday and Thursday to the state conscription officer, as requested, the number of soldiers who will find employment on their return home and the number who will not have jobs waiting them. The blanks will all be mailed by next Tuesday.

CALLED TO MEET TUESDAY

Grand Jury Ordered to Report Again—Vacancy Having Been Filled.

The grand jury has been called to meet next Tuesday, by Judge Sparks, after having been unable to go into session yesterday because of the illness of William H. Chance of Center township, whose place has been filled by the jury commissioners.

In the case of George W. Hall against Jacob A. Parrish for \$235 on a note, which was heard Dec. 4, Judge Sparks returned finding and judgement for the defendant for costs. A suit by the same plaintiff on a note for \$210 against Jacob and Ollie Parrish, which was also heard Dec. 4, was decided in favor of the plaintiff, judgement for \$68.90, including principal and interest and attorney's fees rendered by the court.

TEN CASES OF "FLU" IN TWO FAMILIES HERE

Terrible Conditions in Homes of Ed Huber and Joe Brooks, South Pearl—19 New Cases in City

ONLY 3 OUTSIDE OF RUSHVILLE

Just when the influenza situation was very encouraging and no reports of new cases from doctors outside of Rushville had been received, nineteen more patients developed the malady in this city. Ten of the nineteen, however, are in two families in South Pearl street and five of the others are in families where the disease has already existed.

Terrible conditions have been found at the homes of Ed Huber, 214 South Pearl, and Joe Brooks, 211 South Pearl, where the malady first appeared last Sunday. The four cases in the Huber family and six in the Brooks family have developed since that time. The Red Cross is aiding the two families by supplying pneumonia jackets and other needed articles and the visiting nurse is caring for them, with the assistance of local charitable workers.

Three new cases outside of Rushville were reported by a local doctor, bringing the total for 24 hours to 22 and for the whole epidemic, 1,487. The cases in the Brooks family are: Joe Brooks, 46 years old; Mrs. Esther Brooks, 40; Louise, 10; Burton, 13; Mary Louise, 8; Clifford, 24. Members of the Huber family afflicted are Mr. and Mrs. Huber; Francis, 4; and William six months.

Other new cases in the city are: Mrs. Ralph Payne and daughter, Virginia, 712 N. Harrison; Elenor Stiers, age 6, 732 N. Perkins; Louis Steffy, 12, 507 N. Arthur; Mrs. Fanny Stewart, 26, 944 W. Third; Mrs. Jesse Craig, 28; Miss Nellie Trobaugh, 832 N. Harrison; Francis Leach, 7.

BOYS' STATE CORN JUDGING CONTEST

Boys of Rush County Between 14 and 18 Years old Can Compete for \$50.00 trophy.

A PRELIMINARY CONTEST.

Date and Place of County-Wide Contest to be Announced Later as Details are Worked out.

Boys of Rush county between 14 and 18 years old, have a chance to compete for a \$50.00 silver trophy cup in a corn judging contest at the Farmer's Short Course at Purdue University Jan. 13 to 27, according to word received today by County Agent Detrick from Purdue. Announcement of the contest was made following a meeting of the Indiana Corn Growers' Association under whose auspices the affair will be staged and who will give the handsome trophy and large felt banners to the district winners. This is the first state corn judging contest ever held in Indiana.

Competing teams in the state contest will represent counties. In order to do this, a contest will have to be held in this county some time before the short course and the winners sent to the state competition, the three highest here composing the team. Members of the contesting teams must become members of the Indiana Corn Growers' Association before the contest. This may be done by the payment of the 25-cent fee.

Plans will be made for a preliminary contest in this county by Mr. Detrick with teams from the township high schools competing. The date and place of the county-wide contest will be announced later as the details are worked out. Each contestant will receive assistance in judging work and the winning team here will be coached by the county agent before going to the state show.

The state contest will consist of four parts; and oral quiz on score card and description of a perfect ear of corn, the quiz to have a value of ten points; placing of five ears in order of merit, having a value of 35 points; placing three ten ear exhibits in order of merit, having a value of 25 points; scoring of five single ears, having a value of 30 points.

In addition to the trophy, large felt banners will be awarded the winners in each of the five corn growing districts of the state. These banners which will bear the names of the winning team members and will be hung in the office of the county agent. The silver trophy will be held in the same way, the trophy to remain permanently with the team that wins it three times in succession.

Details for the local contest will be announced later as the plans take shape. Meanwhile, every boy within the age limit in the county, if interested, is urged to study on the judging work. The county agent can supply Purdue Circular No. 18 on "Corn Shows" and corn score card.

CLOSED UNTIL DEC. 16

It was announced today by James V. Young, Rushville township trustee, that the consolidated school in the Webb neighborhood, which was closed Wednesday on account of the influenza, will not be opened until December 16.

FARMERS TO ORGANIZATION

Meeting Will be Held in Sheriff's Office Wednesday Morning

Arrangements have been completed for an all day meeting of the farmers of Rush county in the sheriff's office Wednesday, December 11 at 10 a. m. to discuss some of the problems of common interest and organize a Better Farming Association.

The organization will be worked out on the basis common in many of the other counties of the State.

THE MEN IN CLASS A1

A sound healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper condition and you will generally find yourself in Class A1. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.—Adv.

I AM GLAD TO ENDORSE PERUNA

Glad to Try Anything

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it."

FRENCH FOLK TEND OUR BOYS' GRAVES

Duty of Foster Parents Includes an Effort to Get in Touch With Kin of Dead Hero.

GRAVES TAKEN CARE OF WELL

Fresh Flowers Placed Frequently and American Flag at Head of Grave is Renewed.

By WEBB MILLER

(U. P. Staff Correspondent.)

Paris, Nov. 7. (By Mail)—On the wooded slope of a hill that rises in a bend of the Seine just on the edge of Paris there is a little cemetery that is doing much to weld another link in the chain of friendship binding France and America.

Among the 700 graves of soldiers in this cemetery are many graves of American boys who have succumbed to their wounds in the hospitals of the city.

Almost everyone of the American graves has been "adopted" by some French family which takes care of the grave as though one of their own dead lay there. Many families have adopted from 3 to 5 of the little mounds, and one prominent French professional man of Paris has "adopted" 15 and insists upon tending them with his own hands. The duties of the "foster-parents" includes besides the care of the grave, an effort to get in touch with the relatives of the dead hero in America to tell them about the resting place of their fallen soldier.

Everyone of the adopted graves is tended scrupulously. Fresh flowers are placed frequently and the American flag at the head of the grave is renewed when it is faded. On Sundays it is not unusual to see a dozen French women in deep mourning, sometimes accompanied by a troop of sober-faced children, reverently caring for the grave of an American who has fallen on the soil of France.

When a military funeral draws up to the gate of the cemetery and tenderly deposits another flag-draped coffin the children gravely salute and follow the little procession to the new grave, and stand quietly while the chaplain reads the simple ceremony and the bugler sounds the final requiem.

MAMIE LEISURE GETS 30 DAYS

Another fine as an outgrowth of the raid on Kate Rowe's home in East Fifth street last Saturday night, was imposed in circuit court this morning when Anna Woods was arraigned in circuit court on a charge of frequenting and associating. She pleaded guilty and was fined \$10 and costs by Judge Sparks.

A motion to quash the affidavit against the Rowe woman, who was arraigned Thursday evening on a

charge of keeping a house of ill fame, was filed with Judge Sparks this morning by her attorney and the court took it under advisement.

Mamie Leisure, who was arrested several days ago on the charge of being a prostitute, in connection with the investigation at the Rowe woman's home, was fined \$10 and costs and sentenced to thirty days in jail by Judge Sparks in circuit court yesterday afternoon. She is a niece of the Rowe woman.

Jack Wewee, the Leisure woman's brother, who is in jail, has been charged with grand larceny, having been arrested Thursday by the police on the complaint of L. C. Snodgrass, who said Wewee had stolen a pipe. Wewee was released only recently when an affidavit charging grand larceny in connection with the theft of a watch, was dismissed.

What They Need

You just can't keep children from wading in water and trampling through slush and snow, but you can see that they do not suffer with coughs, colds, croup, sore throats or bronchitis following it.

Foley's Honey and Tar is just what they ought to have when they come in, cold and wet, sneezing and coughing. It makes them feel warm and comfortable, tastes good, soothes a raw inflamed throat, and prevents serious results from the wetting and cold.

Mrs. E. J. Bedard, Cowiche, Wash., writes: "Foley's Honey and Tar is the best cough medicine I ever used. I always keep it in the house. A quick cure for coughs and colds."

A Mixed Crowd.

The nations are to form a league, and make each other behave.

They will all retain a certain degree of military and naval strength, but it will be pooled and administered by the league under army and navy officers selected from its various members. There will still be bombing planes, submarines, tanks and similar confetti, but they will only be used to suppress any member of the league who wants to fight.

The generalissimo of the composite army contributed by the subscribing nations may belong to the nation that tries to start a riot. It will be his duty to lead his army of all-nations against the army of his own nation. If he is captured his own people won't know whether to kiss him or hang him. He will still be their commander-in-chief.

If there are fifteen subscribing nations and twelve of them decide to steal territory from the other three, the three may appeal to arbitration. The assessors (contributed by the fifteen nations) will vote twelve to three against the appellants, which suggests that the time spent in arbitration could be saved by a two-minute exercise in simple arithmetic.

The moral thereof is not that the principle is an absurdity. It isn't. It is a magnificent ideal, but—like all ideals—presents difficulties in materializing. The difficulties in this case are stupendous, but not sufficiently so to discourage us from trying to approach as closely as possible to realization.

We shall not attain to it, but we shall attain to something well worth while.

A World Service

On December 1 there was read in every church in the land, the United States food administration's appeal to the world conscience of the American people. "The ending of the war does not release us from the pledge to send food," read the message. "The same populations must be fed, and until another season has passed they cannot feed themselves."

The world has never before witnessed a situation such as this. Every device of man has been used in the war and the keenest sort of competition might have kept on indefinitely, had not the question of food entered into consideration. The very fact that the war is over is a proof that the world's supply of food is low.

Should we fail to hear the cries of those who are looking to us for immediate relief, revolution would spread like wildfire over the world. The opportunity for world service is the biggest thing that has ever come to a nation. It is so big that we cannot sidestep it or argue with our consciences about it. It is, if we will, the acid test whereby we shall find the true patriotism and humanitarianism of our people. We must save that we may give.

Save Sugar.

Willett & Gray, of New York, estimate the world cane sugar crop for 1918-19 will be less by 133,639 tons than that crop for 1917-18, while the beet sugar production shows an estimated falling off for the coming year, compared with 1917-18 of 161,212 tons, or a total yield for 1918-19 of 16,819,635 tons as against 17,114,386 tons last year—a decrease of 294,751 tons. In summing up the food situation, just before he left for the European food conference, Herbert Hoover said, with regard to sugar, that there will be a sufficient supply this coming

That statement was made before the Will et and Gray estimate was published. So just keep a clamp on that sweet tooth for a year or so longer. RESTRICTIONS ON SUGAR ARE LIFTED

County Food Administration Receives Confirmation of Dispatches Earlier in Week

CONSERVATION STILL NEEDED

To Meet Trust Placed in Us by Freed Peoples We Must Observe Stringent Rules

M. F. Lovett, federal food administrator for Rush county, has been officially informed that the regulations restricting households to the use of four pounds of sugar per person per month have been removed. Dispatches from Washington earlier in the week announced that such steps had been taken by the United States food administration. The restrictions surrounding the use of sugar in public eating houses have also been lifted.

"The European food situation compels the most stringent conservation. We must meet the trust placed in us by freed peoples. Concentrate in an effort to aid in visualizing famine's march through Russia, Serbia and the other black spots on the map. We must condemn the fourth meal and urge women to make the kitchen the fighting line. I expect the school program to reach every child and go into every home."

The above telegram was received at the office of the Indiana division of the United States Food Administration from Dr. Harry E. Barnard, federal food administrator for the state, who has been in Washington in conference relative to the conservation measures promulgated by which it is hoped to accumulate sufficient food to save millions of European people from starvation.

As nearly as can be ascertained a majority of Indiana counties have undertaken to execute the Victory week program promulgated at the state wide meeting Nov. 19th. However, where epidemic and quarantine conditions interfered the local organizations were left to exercise their own discretion about distributing the messages from Herbert Hoover, President Wilson and the Indiana administrator, calling attention to the continued responsibilities of Indiana people to save food, without specific restrictions, in order that the state may contribute its share to the added tonnage that has been promised those in Europe who have so lately been freed of the German menace.

DISTRICT BOARDS TO SETTLE CONTRACTS

To Avoid Delay in Settlement of Contracts Crowell Will Follow Decentralization Plan

CONTRACTORS SEND REPORT

Washington, Dec. 7.—Settlement of war contracts which in many cases were abruptly halted by the signing of the armistice will be worked out on a decentralization plan, Director of Munitions Benedict Crowell announced last night.

All contractors will submit estimates of work done, articles completed, raw materials on hand, expenses incurred, etc., and after the estimates have been examined by War Department experts immediate settlement will be made.

Owing to the delay which would result from handling the settlement of all War Department contracts in Washington, district boards will be established at centers of production such as Boston, Bridgeport, New York, Rochester, Chicago, Pittsburgh, Detroit, etc.

The great problem, says Mr. Crowell, will be determination of the amount due the contractor. The new local boards will take up the matter of settlement for concerns in their respective districts, which will eliminate the necessity of appeals in many cases, the department believes.

AIMED AT VICTORY IN 1919

Washington, Dec. 7.—The army program of eighty divisions in France by June 30, 1919, was started with confidence that Germany could and would be defeated during 1919 if the project was carried out, General March, chief of staff, declared in his annual report to Secretary Baker. That conviction was based on a comprehensive study of the whole situation.

OLD-TIME COLD CURE—
DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

BUT DO THE WOMEN LIKE THE BISHOP'S DRESS?

(By United Press.)

London, Nov. 19. (By Mail.)—"Our women—Heaven bless them and dress them!"

This wail comes from a bishop who deprecates the fact that Englishwomen have taken to trousers.

Most people are of the opinion that if Heaven were interested in the dressing of women they would still appear in trousers at the present period. Woman's garb often is an outward expression of soul, and through these 4 years of hardship women have had to clench their fists and keep a stiff upper lip while they carried on their men's work. Women have had to step into the breach and play a part—and they say they can play the part allotted to them better if they are dressed for it.

The cost of the war of 1870-71 to Germany was \$954,400,000, to France \$1,580,000,000.

MAY KEEP RED CROSS GIFTS

Washington, Dec. 7.—Instructions contained in a letter from the adjutant general of the army, dated March 11, 1918, to division and department commanders directing that all articles of wearing apparel issued to organizations or individuals by the American Red Cross be accounted for on property returns has been rescinded by the chief of staff.

FARMERS' WORK IN WAR PRAISED

Responsibility Rested on Them to Increase The Food Production, Houston Says

ANNUAL REPORT TO CONGRESS

American Farmers Break All Records in Acreage Planted Despite The Shortage of Labor

(By United Press.)

Washington, Dec. 7.—Praise for the war work of the farmer in producing record-breaking crops to feed the armies in the field and the people at home, is given in the annual report of Secretary of Agriculture Houston, made public today.

"On them rested the responsibility for maintaining and increasing food production and for assisting in securing fuller conservation of food and feed stuffs. The part the millions of men, women, boys and girls on the farms played during the war is striking, but altogether too little known and appreciated," the secretary says.

Despite the shortage of labor, due in large part to thousands of the youth of the farms serving in the great war, American farmers broke all records in acreage planted, he says.

In 1917 there were 283,000,000 acres planted as compared with 261,000,000 the previous year, and a yearly average of 248,000,000 for the 5 years prior to 1914, the 1st

year of the war.

With a still further shortage of labor, 1918 showed an even better record, with 298,000,000 acres planted in standard crops.

Climatic conditions for the 2 great staple crops—corn and wheat—were bad in many sections of the country during the war period, but, notwithstanding this, the aggregate yield exceeded any previous year in the nation's history, with the single exception of 1915, the report shows.

Wheat production for 1918 totaled 918,920,000 bushels, greatly in excess of each of the 2 previous years and the 2d highest record.

The estimated total yield of the leading cereals for 1917 was 5,796,000,000 bushels and for 1918, about 5,638,000,000 bushels.

Not only in the raising of wheat and corn, did the farmers of America put other records in the shade. War's demands greatly increased necessity for meat products, eggs and milk. Here again, the farmer measured up to his responsibilities, Houston says.

In 1918, over 8,500,000,000 pounds of beef were produced as compared with 6,079,000,000 in 1914; 10,500,000,000 pounds of pork, with but 8,769,000,000 in 1914 and 495,000,000 pounds of mutton, making a total of 49,495,000,000 pounds while but 15,587,000,000 were produced in 1914.

Production of milk, poultry and eggs showed the same gratifying increase in production, the report shows.

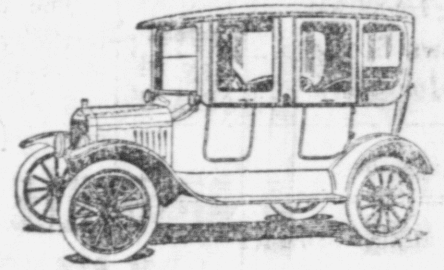

Several thousand fresh water fish from the United States have been distributed in Gatun lake in an experiment.

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreader you will find on our sample floor. Come in and see it.

Split Allies at Peace Table Germany's Last Hope

Germany's well-known cleverness has worked out a grand plan that causes her to look forward to the future with confidence. She hopes to achieve at the Peace Conference what four years of the sword have not been able to get for her. Secrecy being essential, the whole scheme with typical Teuton *finesse* is loudly trumpeted through the German press and proclaimed from the rostrum, so that if we are not warned at least it is not their fault. It seems as usual that Germany is staking her all on one throw of the dice and this time the little game is to cause dissension among the Allies at the Peace Table and particularly between America and Britain.

In THE LITERARY DIGEST this week—December 7th—there is a very striking article consisting of translations from the German press showing how Germany hopes to gain big advantages when America and the Entente "start to squabble among themselves."

Among other articles of timely interest in this number of "The Digest," are:

Certificates of Indebtedness Called in by Reserve Bank

The federal reserve bank of the seventh district, at Chicago, has made the following announcement, which has been received here:

"All United States Treasury Certificates of Indebtedness of series IV E., dated September 3, 1918 and maturing January 2, 1919, are hereby called for redemption on December 19, 1918 at par and accrued interest pursuant to the provision for such redemption contained in the Certificates.

On December 19, 1918 interest on all Certificates of said series will cease to accrue."

13 DEAD IN EXPLOSION.

Pompton Lakes, N. J., Dec. 7.—Thirteen men are dead and twenty-two others were seriously injured here following four explosions which destroyed the detonator assembling unit of the DuPont cap works. The country for miles around was shaken. There were more than 4,000 persons at work in the plant when the explosion occurred.

don't stop saving food

Does Your Food Kick Back?

Thousands upon thousands are taking Pepsinco, the marvel of the 20th century, because they could not eat a meal without distress, pain and a disagreeable bloating.

Today they are better, able to eat what they want and when they want. They took Pepsinco.

Do you feel bad after eating? Take Pepsinco. They will aid digestion. No pain, distress. It's like living life over again when you take Pepsinco. The absence of pain and sourness makes you contented and happy.

Mr. R. said Pepsinco saved his life simply because he did not dare eat things good for him and he was slowly starving to death. Pepsinco helped him.

All Druggists sell and recommend Pepsinco.

RUSHVILLE LOSES BY NARROW MARGIN

High School Basketball Team is Defeated at Shelbyville Friday Night, 35 to 26

1ST HALF 12 TO 10 FOR LOCALS

The Rushville high school basketball team met defeat at the hands of the Shelbyville five last night at Shelbyville by the score of 35 to 26. The game was fast and exciting and the local boys did not give up until the final whistle blew. The first half ended 12 to 10 in Rushville's favor and in the last half Shelbyville made four field goals with a rush that took the locals off of their feet. If the game had been prolonged five minutes longer the outcome would have been different. The locals had such endurance that they were just beginning to hit their stride as they

ITALIAN ORCHESTRA PLEASES LARGE CROWD

Third Number of Winter Lyceum Course Pronounced One of Best Concerts Ever Heard Here

SELECTIONS ALL POPULAR

The Victor Italian Artists pleased immensely an audience that filled the St. Paul's M. E. church last night. The concert, which was given as the third number on the winter lyceum course being conducted under the auspices of the Rushville Ministerial association, was pronounced one of the best ever heard in this city.

The company evidently knew the likes and dislikes of the audience because the selections were largely popular and met with instant favor, and called for encores. The program consisted for the most part of ensemble numbers. The concert waltz "Jolly Fellows," and the cornet solo, in the first part of the program, were especially fine. A selection of well known opera themes, the French national anthem and "Dark Town Strutters' Ball" completed the first half of the concert.

The second part was opened with "Bridal Rose," an overture by the company, followed by a violin solo. Selections from "The Bohemian Girl" and "Silver Threads Among the Gold," were especially pleasing. The program was closed with a medley of national airs and "The Star Spangled Banner."

FIRM SPENDS CASH TO HELP WORKERS RECORD

Baltimore Concern Believes Deeds Rather Than Words Are Effective in Building up Morale

ENGAGES FIVE PHYSICIANS

Baltimore, Dec. 7.—A big Baltimore concern believes deeds rather than words are effective in building up the much-desired morale among workers.

The Baltimore Shipbuilding and Drydock Co. is the firm in question whose action has won the applause of the U. S. employment service. During the "flu" epidemic here, hundreds of the 17,000 workers of the big plant were stricken.

The management believed something more practical than "speed-up" posters was necessary just then. It engaged 5 of the best physicians in the city who gave their entire time to treating the employees free of charge. What's more, the company established a special fund to be spent at the discretion of the doctors to relieve distress in workers' homes.

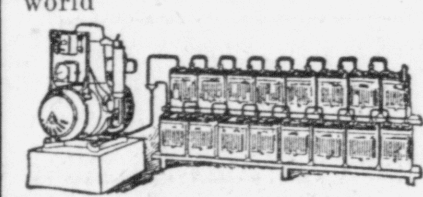

"An ounce of such practical humanitarianism is worth many pounds of speed-up posters without

anything tangible in the way of helpfulness to back them," is the interesting comment in the official publication of the employment service.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Checks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that here despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

127-ACRE FARM At PUBLIC AUCTION

I, the undersigned, will sell at auction my farm, located at edge of New Salem, on Rushville and Andersonville Pike, on

Tuesday, Dec. 17th, 1918

Described as follows: 127 acres, located at edge of New Salem; buildings on Rushville and Andersonville Pike; also in one of the most fertile farming districts of Rush County.

At New Salem we have two churches, bank, commissioned high school, two general stores, two garages, elevator, two blacksmith shops, and in fact, when the Traction line that is sure to be built in the near future goes through, we feel that New Salem, located as it is in the heart of the richest body of land in Rush county, will be a great business center and that will, undoubtedly, increase the value of this farm wonderfully, and the above proposition is sure to go as right of way is all paid for. Would have been built before now, but the war made it impossible to secure rails, but now it is sure to go.

This farm has 20 acres blue grass; balance good, rich sugar and walnut land; 22 acres of growing wheat.

Has good eight-room house, wash house, milk house, coal house, all in connection; never have to leave house for anything in bad weather. Cistern, good driven well, two good barns, corn cribs; poultry house, in fact, everything in out-buildings.

Those interested in buying a good, rich piece of land, beautifully located, can call at any time and I will be more than pleased to show you the entire place.

I WILL ALSO SELL ALL MY PERSONAL PROPERTY AS I AM MAKING A CLEAN-UP OF EVERYTHING ON SAME DAY OF FARM SALE.

TERMS—When bid off the buyer will be required to pay in cash or its equivalent, to cashier of sale, John F. McKee, Four Thousand Dollars. On balance of purchase price, if time for arrangements are wanted by purchaser, will grant 30 days' time in which to make any arrangements needed to make final settlement. Will furnish abstract of title up-to-date.

General Activities of State Council
of Defense are Being Terminated
this Week.

ORGANIZATIONS ARE INTACT

(By United Press.)

Indianapolis, Ind., Dec. 7.—The general activities of the state council of defense were being terminated this week.

Financial affairs of all county councils were being closed up and all reports must be in by next Tuesday. However, the organizations will be kept intact so that activities can be started again in case another emergency arises.

Gov. Goodrich is expected to issue a proclamation shortly, dissolving the council. Its work will be largely taken up by the new commission on reconstruction.

The reconstruction commission will establish headquarters at the state house, with a permanent organization, and may continue for several years.

in the court house. The posters are all exceptionally good, some of them being duplicates of those used in last year's membership canvass.

The window cards are the same as last year's with the exception that in addition to the blue border, there is a narrower inner blue border to indicate the second year of service since America's actual entry into the war. Small Red Cross stickers are provided to be pasted on the window cards to indicate the number of Red Cross members in the home.

Large stickers with the word "Join" and a big Red Cross on them have been received and will be pasted on windshields of automobiles. Badges will be issued to canvassers

for them to war.

Packages of Red Cross Christmas Seals, ten to a package, have also been received. One package goes with each membership. No Seals will be sold this year on account of an arrangement with the Red Cross to finance the work of the anti-tuberculosis association and in turn be allowed to distribute the Seals.

"Recruiting stations" have been opened in all of the offices of the court house where new memberships may be taken out or old ones renewed.

The Red Cross hopes to get a fair idea of the population of the county so as to be able to determine what percent is enrolled during the campaign, by taking a census along with the canvass. An effort will be made by the organization to visit every home in the county and ascertain the number of persons living in each house. If this can not be done, the census of 1910, which was used last year, will have to be the basis for determining the percent of the county who are in the Red Cross.

WAR MEMORIAL
NEW PROBLEM

memory of the soldiers of the late war is being pushed by the American Forestry association. Cleveland, Milwaukee and Narberth, Penna., are cited as cities which have taken up this suggestion. The association points out that a fine example of memorial trees is set forth at Columbus, Ohio, in the work of "Fighting Bob" Kennedy. Forty years ago Gen. Kennedy advocated planting trees along the streets of Columbus. He died just the other day having lived to see thousands of such memorials to his endeavors following his fight to create a park board for Columbus. The American Forestry Association calls attention to the tremendous demands for wood in war work and urges that trees be planted not only as a beautiful tribute to those who have given their lives for their country but as an economic measure.

ORGANIZING FOR ROLL CALL WEEK

Red Cross Workers of Jackson, Center and Ripley Townships Called to Meet Sunday.

SUPPLIES ARE COMING IN

Census of County may be Taken in Canvass to Determine Actual Percent Enrolled.

The organization of the township workers into aggressive bodies to conduct the Red Cross Roll Call membership campaign will begin tomorrow when meetings will be held in Jackson, Ripley and Center townships, and all of next week will be devoted to forming a compact organization in every township so that the canvass may be made with the greatest possible dispatch and be completed, if possible, the first day of the campaign—a week from today.

The Red Cross organization is the best war organization in the county and has obtained better results than any other. For this reason A. L. Gary, county Roll Call campaign manager, is anxious that the society live up to its reputation.

The aim is one hundred percent membership in the American Red Cross and the minimum is sixty percent of the population. The membership now is about fifty percent, and with the impetus of the war gone and a lack of understanding of the reason for the continuance of Red Cross work, it will be readily seen that a great task confronts the local organization.

The actual canvass can not be started until the membership cards are printed, which work can not be started until the plate arrives. It was expected today.

Most of the other supplies have arrived, however, in preparation for the campaign. The buttons which will be given with each membership this year are a Red Cross on a white background, with a blue ring around the edge and 1918 under the Cross. A supply of buttons has not reached here yet, only a sample having been received.

There is a mass of posters and other material at the campaign headquarters in the recorder's office.

SUSPECT IN ROBBERY ESCAPES FRIDAY NIGHT

Young Man Who Has Served Term in Reformatory Eludes Police, Carrying Suit Case

PROBABLY LEFT ON I. & C. CAR

A young man who was suspected of being implicated in the robbery of E. E. Polk's hardware store, 127 North Main street, Thursday night, escaped from the police last night and an effort was being made to locate him in the places which he is known to frequent. He was once seen with a suit case, in which, it is believed, he was carrying some of the loot the three robbers carried away from the Polk's store.

The fellow probably got away on an I. & C. car and left it at a stop in the country west of here, according to the police, who followed his trail as far as Arlington without finding any trace of him. The young man suspected has served a term in the reformatory and was on parole until recently when he was set free.

Delbert Newman, who was arrested yesterday on suspicion of having had a part in the robbery, was still in jail today and had not been arraigned. He also recently finished serving a sentence, having been sent to the state penal farm for six months and fined \$500 and costs for encouraging delinquency.

FUND PASSES \$25,000 MARK

Washington Township \$856 For United War Work Campaign

The total in the United War Work campaign was increased to \$25,831.50 today when Washington township reported subscriptions amounting to \$856. This is the first report to come from Washington township and it is expected that further pledges will be forthcoming in a few days. Noble and Jackson townships have never reported anything to the county chairman, although it is known that some subscriptions have been made in these two townships. With additional pledges expected from townships already reporting, it is hoped to boost the county fund to \$30,000 at least, which is \$10,000 under the quota.

NAMES DIVISIONS IN ARMY OF OCCUPATION

General March Announces Five Are Held as Reinforcements—Embarkation to Date 19,350

207,000 DISCHARGED IN U. S.

(By United Press.)

Washington, Dec. 7.—The army of occupation now consists of the 1st, 2nd, 3rd, 4th, 5th, 7th, 28th, 32nd, 33rd, 42nd, 79th, 98th, and 90th divisions, Gen. March announced today. The new divisions of this army are the 2nd, 7th, 28th, 33rd and 79th.

They are serving as reserve organizations occupying Luxembourg, Mont Medy, Longuyon and St. Mihiel and will be held as reinforcement divisions if such action should be necessary.

General March revealed that a quota of 5,300 officers and 135,000 men have been assigned for early convoy home, while the grand total of embarkation to date is 530 officers, 17,300 men and 530 navy enlisted men.

In this country discharges of soldier is speeding up. Two hundred thousand men and 7,000 officers have been dismissed.

General March said that it may be necessary to modify the existing law, whereby the enlistment expires four months after the peace is signed. Congress will be asked to provide that such men as are needed abroad shall remain in the army.

TO CANCEL MOTOR ORDERS

War Department Stops Building of 50,000 Airplane Engines

(By United Press.)

Washington, Dec. 7.—The war department plans to cancel the contract for 50,000 airplane motors, members of the senate military affairs committee said today. According to members, the contract was let for 91,000 motors, of which 31,000 have been developed. Of these 15,000 are liberty motors. Ten thousand more motors now being built will be stored for future need.

WAR MEMORIAL NEW PROBLEM

How to Commemorate Lives of Rush County Boys Who Made Supreme Sacrifice Must Be Solved

MANY SUGGESTIONS MADE

Cities and Counties And This Part of Indiana Already Planning For Suitable Memorial

Sooner or later the people of Rush county will face the problem of erecting a suitable memorial to the local soldiers, who gave their lives in the world war. Various suggestions have been made regarding the kind of memorial to be built. Other cities and counties, many of them in Indiana, have already decided on a method to commemorate the lives of the men of their community who made the supreme sacrifice.

A lot valued at \$5,000 has been donated by the Greenfield Banking company to be used as a site for a memorial building of some character in honor of the boys from Hancock county who served during the war. Plans are being made to raise \$50,000 for the purpose of erecting a building after the plan of a Y. M. C. A.

Culver military academy has announced that a memorial building will be built to the memory of the Culver boys who went to the defense of their country in the war with Germany.

Shelby and Henry counties are other communities in this part of this state which are giving consideration to a suitable memorial of this kind. Suggestions are being received by the Newcastle Courier from the residents of Henry county. The first person to write, recommended a Y. M. C. A. building. Another believed that a home for the aged and infirm people would be a suitable memorial.

Liberty Buildings devoted to some humanitarian cause apparently are looked on with more favor for soldier memorials. The American City magazine launched a campaign for liberty buildings some time ago and the movement is spreading to all parts of the United States. It suggests that since the war has speeded human progress in many ways, we should establish another precedent and let our memorials of this conflict be structures which shall help the living while commemorating the dead. The American City believes that every community should prepare at once to honor its soldiers by securing an option on a site if one has not already been donated by some person, and that an organization should be formed to administer the new community home when built. The American City believes that there are enough surplus Liberty bonds in every community which could be donated to erect a liberty building.

"Let us plan our Liberty Buildings on no niggardly scale," says the American City. "The war has shown that the American people will give lavishly for a great cause. Let us determine the needs of our own community and plan accordingly, including such facilities for recreation, culture, fellowship and public service as a practical idealism may suggest. If we live in a large city, several such buildings may be needed; if in a village, one will suffice."

"Let the erection of these Liberty Buildings be begun at such time as may best help to tide over, in some measure, the period of re-adjustment when our returning soldiers or our industrial workers shall be in need of employment. And finally, in planning, financing and administration, let us make every possible use of existing commercial and civic bodies, and of the many war service organizations which have been the means of patriotic effort in these days of strife."

INVITED TO MEET HUN DELEGATIONS

President Urged to See Germans to Bring About Understanding Regarding German Conditions

HUNS WANT COMBINED ARMY

Wilson May Stop Over at the Azores So as Not to Reach Paris Before December 13

Berlin, Dec. 7.—President Wilson was invited by Cologne to meet delegations from Berlin and other German cities for the purpose of bringing about an understanding regarding the conditions in Germany.

Berlin, according to dispatches received here today, wants to form a combined allied and German army to march against the Bolshevik movement in Russia.

Aboard the United States Steamship, George Washington (By Wire) to the United Press), Dec. 7.—While there is no official comment on Winston Churchill's speech in which he declared the British navy could not be reduced in size, it is believed that the president holds that all the powers must make a sacrifice if they sincerely desire a just peace.

Should the present world policy of competitive armament be continued, the United States could do more than hold its own with the new shipyards, trained ship builders and its great quantity of raw material, according to an unofficial announcement.

At the time of filing this message the George Washington was 750 miles due east of New York. As the president does not want to arrive in Paris before December 14, he may stop over a day at the Azores, but this has not yet been definitely decided.

The United States, it is understood, wants a definite law formulated on the peace conference, establishing the sea as a highway, governed by the law of all nations combined—not by the law of individual nations.

President Wilson, it is the belief on board, will make at least one public address in England. It is understood he will be given an honorary degree in Oxford university and it is regarded as probably he will make this the occasion for his speech.

LOCAL BOARD TO HELP SOLDIERS FIND JOBS

Instructions to Mail Questionnaires to Last Employer of Each Selective in Service

WILL REPORT TWICE A WEEK

Just when the county army selection board had visions of closing its work next Tuesday when the selective draft records will be sealed, instructions came today for the board to assist in the return of demobilized soldiers to the positions they held before entering the service.

Two forms of questionnaires were forwarded with a request to send copies of one form to the nearest relative of each drafted man in the service, as shown in his questionnaire, and copies of the other form to last employer of each soldier sent to the army by the board. Both the nearest relative and the last employer are expected to answer the questions and return them to the local board. By following these instructions the local board will be able to report each Monday and Thursday to the state conscription officer, as requested, the number of soldiers who will find employment on their return home and the number who will not have jobs waiting them. The blanks will all be mailed by next Tuesday.

CALLED TO MEET TUESDAY

Grand Jury Ordered to Report Again—Vacancy Having Been Filled.

The grand jury has been called to meet next Tuesday, by Judge Sparks, after having been unable to go into session yesterday because of the illness of William H. Chance of Center township, whose place has been filled by the jury commissioner.

In the case of George W. Hall against Jacob A. Parrish for \$235 on a note, which was heard Dec. 4, Judge Sparks returned finding and judgement for the defendant for costs. A suit by the same plaintiff on a note for \$210 against Jacob and Ollie Parrish, which was also heard Dec. 4, was decided in favor of the plaintiff, judgement for \$68.90, including principal and interest and attorney's fees rendered by the court.

TEN CASES OF "FLU" IN TWO FAMILIES HERE

Terrible Conditions in Homes of Ed Huber and Joe Brooks, South Pearl—19 New Cases in City

ONLY 3 OUTSIDE OF RUSHVILLE

Just when the influenza situation was very encouraging and no reports of new cases from doctors outside of Rushville had been received, nineteen more patients developed the malady in this city. Ten of the nineteen, however, are in two families in South Pearl street and five of the others are in families where the disease has already existed.

Terrible conditions have been found at the homes of Ed Huber, 214 South Pearl, and Joe Brooks, 211 South Pearl, where the malady first appeared last Sunday. The four cases in the Huber family and six in the Brooks family have developed since that time. The Red Cross is aiding the two families by supplying pneumonia jackets and other needed articles and the visiting nurse is caring for them, with the assistance of local charitable workers.

Three new cases outside of Rushville were reported by a local doctor, bringing the total for 24 hours to 22 and for the whole epidemic, 1,487. The cases in the Brooks family are: Joe Brooks, 46 years old; Mrs. Esther Brooks, 40; Louise, 10; Burton, 13; Mary Louise, 8; Clifford, 21. Members of the Huber family afflicted are Mr. and Mrs. Huber; Francis, 4; and William six months.

Other new cases in the city are: Mrs. Ralph Payne and daughter, Virginia, 712 N. Harrison; Elenor Stiers, age 6, 732 N. Perkins; Louis Steffy, 12, 507 N. Arthur; Mrs. Fanny Stewart, 26, 944 W. Third; Mrs. Jesse Craig, 28; Miss Nellie Trobaugh, 832 N. Harrison; Francis Leach, 7.

BOYS' STATE CORN JUDGING CONTEST

Boys of Rush County Between 14 and 18 Years old Can Compete for \$50.00 trophy.

A PRELIMINARY CONTEST.

Date and Place of County-Wide Contest to be Announced Later as Details are Worked out.

Boys of Rush county between 14 and 18 years old, have a chance to compete for a \$50.00 silver trophy cup in a corn judging contest at the Farmer's Short Course at Purdue University Jan. 13 to 27, according to word received today by County Agent Detrick from Purdue. Announcement of the contest was made following a meeting of the Indiana Corn Growers' Association under whose auspices the affair will be staged and who will give the handsome trophy and large felt banners to the district winners. This is the first state corn judging contest ever held in Indiana.

Competing teams in the state contest will represent counties. In order to do this, a contest will have to be held in this county some time before the short course and the winners sent to the state competition, the three highest here composing the team. Members of the contesting teams must become members of the Indiana Corn Growers' Association before the contest. This may be done by the payment of the 25-cent fee.

Plans will be made for a preliminary contest in this county by Mr. Detrick with teams from the township high schools competing. The date and place of the county-wide contest will be announced later as the details are worked out. Each contestant will receive assistance in judging work and the winning team here will be coached by the county agent before going to the state show.

The state contest will consist of four parts; and oral quiz on score card and description of a perfect ear of corn, the quiz to have a value of ten points; placing of five ears in order of merit, having a value of 35 points; placing three ten ear exhibits in order of merit, having a value of 25 points; scoring of five single ears, having a value of 30 points.

In addition to the trophy, large felt banners will be awarded the winners in each of the five corn growing districts of the state. These banners which will bear the names of the winning team members and will be hung in the office of the county agent. The silver trophy will be held in the same way, the trophy to remain permanently with the team that wins it three time in succession.

Details for the local contest will be announced later as the plans take shape. Meanwhile, every boy within the age limit in the county, if interested, is urged to study on the judging work. The county agent can supply Purdue Circular No. 18 on "Corn Shows" and corn score cards.

CLOSED UNTIL DEC. 16

FARMERS TO ORGANIZATION

Meeting Will be Held in Sheriff's Office Wednesday Morning

Arrangements have been completed for an all day meeting of the farmers of Rush county in the sheriff's office Wednesday, December 11 at 10 a. m. to discuss some of the problems of common interest and organize a Better Farming Association.

The organization will be worked out on the basis common in many of the other counties of the State.

THE MEN IN CLASS A1

A sound healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper condition and you will generally find yourself in Class A1. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.—Adv.

FRENCH FOLK TEND OUR BOYS' GRAVES

Duty of Foster Parents Includes an Effort to Get in Touch With Kin of Dead Hero.

GRAVES TAKEN CARE OF WELL

Fresh Flowers Placed Frequently and American Flag at Head of Grave is Renewed.

By WEBB MILLER
(U. P. Staff Correspondent.)

Paris, Nov. 7. (By Mail)—On the wooded slope of a hill that rises in a bend of the Seine just on the edge of Paris there is a little cemetery that is doing much to weld another link in the chain of friendship binding France and America.

Among the 700 graves of soldiers in this cemetery are many graves of American boys who have succumbed to their wounds in the hospitals of the city.

Almost everyone of the American graves has been "adopted" by some French family which takes care of the grave as though one of their own dead lay there. Many families have adopted from 3 to 5 of the little mounds, and one prominent French professional man of Paris has "adopted" 15 and insists upon tending them with his own hands. The duties of the "foster-parents" includes besides the care of the grave, an effort to get in touch with the relatives of the dead hero in America to tell them about the resting place of their fallen soldier.

Everyone of the adopted graves is tended scrupulously. Fresh flowers are placed frequently and the American flag at the head of the grave is renewed when it is faded. On Sundays it is not unusual to see a dozen French women in deep mourning, sometimes accompanied by a troop of sober-faced children, reverently caring for the grave of an American who has fallen on the soil of France.

When a military funeral draws up to the gate of the cemetery and tenderly deposits another flag-draped coffin the children gravely salute and follow the little procession to the new grave, and stand quietly while the chaplain reads the simple ceremony and the bugler sounds the final requiem.

MAMIE LEISURE GETS 30 DAYS

Another fine as an outgrowth of the raid on Kate Rowe's home in East Fifth street last Saturday night, was imposed in circuit court this morning when Anna Woods was arraigned in circuit court on a charge of frequenting and associating. She pleaded guilty and was fined \$10 and costs by Judge Sparks. A motion to quash the affidavit against the Rowe woman, who was arraigned Thursday evening on a

charge of keeping a house of ill fame, was filed with Judge Sparks this morning by her attorney and the court took it under advisement.

Mamie Leisure, who was arrested several days ago on the charge of being a prostitute, in connection with the investigation at the Rowe woman's home, was fined \$10 and costs and sentenced to thirty days in jail by Judge Sparks in circuit court yesterday afternoon. She is a niece of the Rowe woman.

Jack Wewee, the Leisure woman's brother, who is in jail, has been charged with grand larceny, having been arrested Thursday by the police on the complaint of L. C. Snodgrass, who said Wewee had stolen a pipe. Wewee was released only recently when an affidavit charging grand larceny in connection with the theft of a watch, was dismissed.

What They Need

You just can't keep children from playing in water and tramping through mud and snow; but you can see that they do not suffer with coughs, colds, croup, sore throats or bronchitis following it.

Foley's Honey and Tar is just what they ought to have when they come in, cold and wet, sneezing and coughing. It makes them feel warm and comfortable; tastes good, and prevents a new influenza, diphtheria, and croup, arising from the wetting and cold.

Small bottles of **Foley's Honey and Tar** are the best cough and cold remedy. It is the best remedy for the throat and lungs. A small bottle for each child and each adult.

FARMERS' WORK IN WAR PRAISED

Responsibility Rested on Them to Increase The Food Production, Houston Says

ANNUAL REPORT TO CONGRESS

American Farmers Break All Records in Acreage Planted Despite The Shortage of Labor

(By United Press.)

Washington, Dec. 7.—Praise for the war work of the farmer in producing record-breaking crops to feed the armies in the field and the people at home, is given in the annual report of Secretary of Agriculture Houston, made public today. "On them rested the responsibility for maintaining and increasing food production and for assisting in securing fuller conservation of food and feed stuffs. The part the millions of men, women, boys and girls on the farms played during the war is striking, but altogether too little known and appreciated," the secretary says.

Despite the shortage of labor, due in large part to thousands of the youth of the farms serving in the great war, American farmers broke all records in acreage planted, he says.

In 1917 there were 283,000,000 acres planted as compared with 261,000,000 the previous year, and a yearly average of 248,000,000 for the 5 years prior to 1914, the 1st

year of the war. With a still further shortage of labor, 1918 showed an even better record, with 298,000,000 acres planted in standard crops.

Climatic conditions for the 2 great staple crops—corn and wheat—were bad in many sections of the country during the war period, but, notwithstanding this, the aggregate yield exceeded any previous year in the nation's history, with the single exception of 1915, the report shows.

Wheat production for 1918 totaled 918,920,000 bushels, greatly in excess of each of the 2 previous years and the 2d highest record.

The estimated total yield of the leading cereals for 1917 was 5,796,000,000 bushels and for 1918, about 5,638,000,000 bushels.

Not only in the raising of wheat and corn, did the farmers of America put other records in the shade. War's demands greatly increased necessity for meat, products, eggs and milk. Here again, the farmer measured up to his responsibilities, Houston says.

In 1918, over 8,500,000,000 pounds of beef were produced as compared with 6,079,000,000 in 1914; 10,500,000,000 pounds of pork, with but 8,749,000,000 in 1914 and 495,000,000 pounds of mutton, making a total of 19,495,000,000 pounds while but 15,587,000,000 were produced in 1914.

Production of milk, poultry and eggs showed the same gratifying increase in production, the report shows.

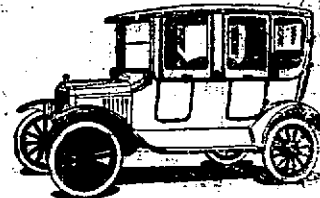

Several thousand fresh water fish from the United States have been distributed in Gatun lake in an experiment.

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreaders you will find on our sample floor. Come in and see it.

Split Allies at Peace Table Germany's Last Hope

Germany's well-known cleverness has worked out a grand plan that causes her to look forward to the future with confidence. She hopes to achieve at the Peace Conference what four years of the sword have not been able to get for her. Secrecy being essential, the whole scheme with typical Teuton *finesse* is loudly trumpeted through the German press and proclaimed from the rostrum, so that if we are not warned at least it is not their fault. It seems as usual that Germany is staking her all on one throw of the dice and this time the little game is to cause dissension among the Allies at the Peace Table and particularly between America and Britain.

In THE LITERARY DIGEST this week—December 7th—there is a very striking article consisting of translations from the German press showing how Germany hopes to gain big advantages when America and the Entente "start to squabble among themselves."

Among other articles of timely interest in this number of "The Digest," are:

Your Best Way to Follow the Work of the Peace Conference

The eyes and hopes of the entire world are to-day centered upon Paris, whither the delegates of the various nations are journeying to the Peace Conference which is to remold Europe and decide, perhaps for centuries to come, the destinies of our planet. The news that comes forth to the waiting millions from the historic halls of Versailles will be in many ways the most important ever published in its far-reaching effect upon humanity at large. This

news will be reported fully and impartially from week to week by THE LITERARY DIGEST, with the views of noted authorities of all shades of opinion, so that the readers of the world's greatest news-weekly may have the best possible opportunity of forming accurate judgments as to the decisions handed down. If you wish to keep in intimate touch with these great events read "The Digest."

RUSHVILLE LOSES BY NARROW MARGIN

High School Basketball Team is Defeated at Shelbyville Friday Night, 35 to 26

1ST HALF 12 TO 10 FOR LOCALS

The Rushville high school basketball team met defeat at the hands of the Shelbyville five last night at Shelbyville by the score of 35 to 26. The game was fast and exciting and the local boys did not give up until the final whistle blew. The first half ended 12 to 10 in Rushville's favor and in the last half Shelbyville made four field goals with a rush that took the locals off of their feet. If the game had been prolonged five minutes longer the outcome would have been different. The locals had such endurance that they were just beginning to hit their stride as they

had annexed three field goals without a Shelby man touching the ball before the final whistle. There were no individual stars for the locals as the floor men played team work and the guards, Headlee and Becker, held down the fast forwards, Winkler and Hogue.

The summary is as follows: Rushville—Keating and Caron, forwards; Tompkins, center; Beckner and Headlee, guards; Miller and Dill, subs.; Shelbyville—Winkler and Hogue, forwards; Briggs, center; Coers and Long, guards; Moore, sub. Field goals—Tompkins, 7; Keating, 3; Caron, 2; Hogue, 7; Winkler, 5; Long, 2. Foul goals—Keating, 2; Winkler, 7.

ITALIAN ORCHESTRA PLEASES LARGE CROWD

Third Number of Winter Lyceum Course Pronounced One of Best Concerts Ever Heard Here

SELECTIONS ALL POPULAR

The Victor Italian Artists pleased immensely an audience that filled the St. Paul's M. E. church last night. The concert, which was given as the third number on the winter lyceum course being conducted under the auspices of the Rushville Ministerial association, was pronounced one of the best ever heard in this city.

The company evidently knew the likes and dislikes of the audience because the selections were largely popular and met with instant favor, and called for encores. The program consisted for the most part of ensemble numbers. The concert waltz "Jolly Fellows," and the cornet solo, in the first part of the program, were especially fine. A selection of well known opera themes, the French national anthem and "Dark Town Strutters' Ball" completed the first half of the concert.

The second part was opened with "Bridal Rose," an overture by the company, followed by a violin solo. Selections from "The Bohemian Girl" and "Silver Threads Among the Gold," were especially pleasing. The program was closed with a medley of national airs and "The Star Spangled Banner."

FIRM SPENDS CASH TO HELP WORKERS RECORD

Baltimore Concern Believes Deeds Rather Than Words Are Effective in Building up Morale

ENGAGES FIVE PHYSICIANS

Baltimore, Dec. 7.—A big Baltimore concern believes deeds rather than words are effective in building up the much-desired morale among workers.

The Baltimore Shipbuilding and Drydock Co. is the firm in question whose action has won the applause of the U. S. employment service. During the "flu" epidemic here, hundreds of the 17,000 workers of the big plant were stricken.

The management believed something more practical than "speed-up" posters was necessary just then. It engaged 5 of the best physicians in the city who gave their entire time to treating the employees free of charge. What's more, the company established a special fund to be spent at the discretion of the doctors to relieve distress in workers' homes.

"An ounce of such practical humanitarianism is worth many pounds of speed-up posters without

CHEVROLET
For Economical Transportation
In justice to your purse as well as your needs, you should investigate the Chevrolet, inspect the Sedan or Coupe Models. Note their beautiful body lines, their refinement of finish and the many, many comforts that have been incorporated in their construction. Inspect the famous valve-in-head motor with which they are powered—the motor which is making such remarkable records for fuel economy. It is certain to give you a new conception of just what is best in motor car design and value.
Watch the ease with which they can be instantly converted from a cozy closed car into a roomy, easy-riding open car.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that here despondent women lack are all carefully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any drugist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nut. Yemica; Food; Benton; Phenolphthalein; Caeareol; Capsicum; Kolo.

127-ACRE FARM At PUBLIC AUCTION

I, the undersigned, will sell at auction my farm, located at edge of New Salem, on Rushville and Andersonville Pike, on

Tuesday, Dec. 17th, 1918

Described as follows: 127 acres, located at edge of New Salem; buildings on Rushville and Andersonville Pike; also in one of the most fertile farming districts of Rush County.

At New Salem we have two churches, bank, commissioned high school, two general stores, two garages, elevator, two blacksmith shops, and in fact when the Traction line that is sure to be built in the near future goes through, we feel that New Salem, located as it is in the heart of the richest body of land in Rush county, will be a great business center and that will, undoubtedly, increase the value of this farm wonderfully, and the above proposition is sure to go as right of way is all paid for. Would have been built before now, but the war made it impossible to secure rails, but now it is sure to go.

This farm has 20 acres blue grass; balance good, rich sugar and walnut land; 22 acres of growing wheat. Has good eight-room house, wash house, milk house, coal house, all in connection, never have to leave house for anything in bad weather. Cistern, good driven well, two good barns, corn cribs; poultry house, in fact, everything in out-buildings.

Those interested in buying a good, rich piece of land, beautifully located, can call at any time and I will be more than pleased to show you the entire place.

I WILL ALSO SELL ALL MY PERSONAL PROPERTY AS I AM MAKING A CLEAN-UP OF EVERYTHING ON SAME DAY OF FARM SALE.

TERMS—When bid on the above will be required to pay in cash or its equivalent to cashier of sale, John F. McKee, Four Thousand Dollars. On balance of purchase price, if bid for arrangements are wanted by purchaser, will grant 30 days time in which to make any arrangements needed to make final settlement. Will furnish abstract of title on request.

REPORTS OF COUNCILS MUST BE IN BY TUESDAY

General Activities of State Council
of Defense are Being Terminated
this Week.

ORGANIZATIONS ARE INTACT

(By United Press.)

Indianapolis, Ind., Dec. 7.—The general activities of the state council of defense were being terminated this week.

Financial affairs of all county councils were being closed up and all reports must be in by next Tuesday. However, the organizations will be kept intact so that activities can be started again in case another emergency arises.

Gov. Goodrich is expected to issue a proclamation shortly, dissolving the council. Its work will be largely taken up by the new commission on reconstruction.

The reconstruction commission will establish headquarters at the state house, with a permanent organization, and may continue for several years.

in the court house. The posters are all exceptionally good, some of them being duplicates of those used in last year's membership canvass.

The window cards are the same as last year's with the exception that in addition to the blue border, there is a narrower inner blue border to indicate the second year of service since America's actual entry into the war. Small Red Cross stickers are provided to be pasted on the window cards to indicate the number of Red Cross members in the home.

Large stickers with the word "Join" and a big Red Cross on them have been received and will be pasted on windshields of automobiles. Badges will be issued to canvassers

for them to war.

Packages of Red Cross Christmas Seals, ten to a package, have also been received. One package goes with each membership. No Seals will be sold this year on account of an arrangement with the Red Cross to finance the work of the anti-tuberculosis association and in turn be allowed to distribute the Seals.

"Recruiting stations" have been opened in all of the offices of the court house where new memberships may be taken out or old ones renewed.

The Red Cross hopes to get a fair idea of the population of the county so as to be able to determine what percent is enrolled during the campaign, by taking a census along with the canvass. An effort will be made by the organization to visit every home in the county and ascertain the number of persons living in each house. If this can not be done, the census of 1910, which was used last year, will have to be the basis for determining the percent of the county who are in the Red Cross.

WAR MEMORIAL

NEW PROBLEM

Continued from Page One

memory of the soldiers of the late war is being pushed by the American Forestry association. Cleveland, Milwaukee and Narberth, Penna., are cited as cities which have taken up this suggestion. The association points out that a fine example of memorial trees is set forth at Columbus, Ohio, in the work of "Fighting Bob" Kennedy. Forty years ago Gen. Kennedy advocated planting trees along the streets of Columbus. He died just the other day having lived to see thousands of such memorials to his endeavors following his fight to create a park board for Columbus.

The American Forestry Association calls attention to the tremendous demands for wood in war work and urges that trees be planted not only as a beautiful tribute to those who have given their lives for their country but as an economic measure.
